</tbody>
</table>

Note: If the answer to all questions is “yes”, the golf club is following the USGA Handicap System and may issue a Handicap Index.

If any answers are “no”, the authorized golf association or the USGA should be contacted to determine necessary action to achieve compliance.
Section 2
Definitions
Tournament Score

The Committee (in charge of the competition) must announce in advance whether the score is to be designated as a tournament score. A tournament score is designated as such when it is SIGNIFICANT or ANNUAL.

For example, club events that are routine events such as daily, weekly, or monthly play days should not be designated as Tournament Scores.

The consequence of designating too many competition rounds as T-Scores is that the chart value in the Handicap Reduction Table will be diluted (see Section 10-3 and Decisions 10-3/1 through 10-3/6).
T-Score Designation

Section 10-3

Authorized Golf Association (AGA)

- Member Play Days, Charity/Fundraiser Events
  - NO T-Score

- Qualifying and Championship Rounds in AGA Events, National Competitions
  - YES T-Score

Club Events

- Weekly/Daily/Routine/League Competitions
  - NO T-Score

- Club Championship, Member-Guest, President’s Cup
  - YES T-Score

Definitions
Section 4
Adjusting Hole Scores
Section 4-1

Unfinished holes or Conceded strokes

• Player started to play hole, but for some reason did not finish it.

• For posting, use *Most Likely Score*
Most likely score

- Use for holes started, but not completed.

4 + 2 putts = X6
Most likely score

On in 4, plus 2 putts = X6
DO NOT AUTOMATICALLY TAKE MAXIMUM

3\textsuperscript{rd} shot in bunker

1+1pen

OB
Section 4-2
Holes Not Played or,
Not Played as Rated

• Holes not played at all, post Net Par

• Holes not played as rated (ex: the tee was moved way forward, or if there is a temporary green) post Net Par

• If hole is being used as part of tournament, use actual score for the tournament, but for posting adjust to par plus or net par

Handicap X5 X5 X6 18

X5 X6 X7 21

---

**Scorer:**

**Attest:**

**Date:**

**Slow Play:** Any group with an open hole ahead must invite following group to play through. All 9 hole rounds are requested to be played in 2 hours or less.

**Stake Color Code:** White-Out of Bounds; Yellow-Water Hazard; Red-Lateral Water Hazard; Orange-Ground Under Repair; Black-Immovable Obstruction
When posting a T score, it is extremely important to circle scores not played under the rules.

1. Used a Mulligan
2. Pro hit the shot
3. Used a Magic Putt
4. Larger than normal hole

Pro or Handicap Chair should post all T scores, to make sure they are posted correctly.

If posted as is, T score would be 4 less than it should be!
In summary........

Post *Par Plus* or *Net Par* on holes not played, or not played as rated.

Post *Most Likely Score* on holes started but not finished.
Equitable Stroke Control
ESC

• 0-9 No more than double bogey
  • 10-19 No more than 7
  • 20-29 No more than 8
  • 30-39 No more than 9
  • 40+ No more than 10
Section 5

Scores
Section 5-1e
Unacceptable Scores

Revised Section to add **playing alone as an unacceptable score**.
Section 6

Scoring Records

Scoring records include last 20 adjusted scores as well as all Tournament scores for 1 year.
Can find anyone’s scoring record on GHIN.com with or without GHIN number.
Handicap Differential

\[(\text{Adjusted Gross Score} - \text{USGA Course Rating}) \times 113\]

\[\text{USGA Slope Rating} = \text{differential}\]

\[(87-71.3) \times 113\]

\[125 = 14.1 \text{ differential}\]

\[87 - 71.3 = 15.7 \times 113 = 1774.1\]

\[\text{div. by 125} = 14.1928 \text{ (delete all #s after tenths)}\]
Procedure for Player who Discontinues Playing Golf for Lengthy Period and Then Resumes

Q: A player with an established Handicap Index discontinues playing golf for a lengthy period, and then resumes playing. Should the player use the last Handicap Index on resumption of play or establish a new Handicap Index?

A: If the player’s scoring record is available via the club’s computation service then the player should use the last Handicap Index in resumption of play. If the existing scores do not accurately represent the player’s current potential ability, the Handicap Committee may modify the player’s Handicap Index under Section 8-4c.

If the player’s scoring record is unavailable then the player has no Handicap Index until five scores have been posted and a handicap revision takes place.
Section 8

The Handicap Committee
HANDICAP INDEX ADJUSTMENT
BY HANDICAP COMMITTEE

Section 8-4c

Reasons for adjusting a player’s handicap index:

- Improving faster than the system can react (usually a new golfer)
- Numerous away scores change index
- Temporary disability
- Player manipulates round
- Continued violations of Section 5-1e (posting unacceptable rounds)

This list is not all-inclusive and a Handicap Committee has the ultimate authority to adjust a Handicap Index under any circumstance.
HANDICAP INDEX ADJUSTMENT

• Before an adjustment becomes effective, the Handicap Committee must give the player an opportunity to explain the circumstances surrounding the proposed adjustment, either in writing or by appearance before the Handicap Committee.

• A sample letter for notifying a player of pending modification is listed in Appendix B (page 117) of the USGA Handicap Manual.

• When an adjustment does become effective it must be identified with the letter “M”, indicating the Handicap Committee has modified the Handicap Index. (e.g., 20.4M)
Temporary Disability
Section 8-4c(iii)

- An increase in a Handicap Index must not be granted because a player's game is temporarily off or the player has discontinued play. However, an increased handicap may be given for a temporary disability.

- The modified Handicap Index must be identified by the “M” to indicate that it has been modified by the club’s Handicap Committee.

- The “L” now is only for local handicaps when the Handicap Index is higher than the maximum of 40.4 for women.
Q: A player with a Handicap Index of 11.1 discontinued play due to hip replacement surgery. The player has started to play again, but due to recovery and fatigue, the player's three latest scores have been 104, 100, and 102. May the player receive a special adjustment while recovering?

A: The player is entitled to a special adjustment under Section 8-4c(iii). The player should be assigned a modified Handicap Index (M) to reflect current ability, as needed during the temporary disability, and it must be identified by the letter "M" to indicate that it is has been modified by the club Handicap Committee.
HANDICAP INDEX ADJUSTMENT

Recommended method for modification of HI for temporary disability:

• Have the player post at least three scores
• Find the lowest differential of those three scores
• Add to current Handicap Index
• Take average of the two numbers.
• Put modification into computer.
EXAMPLE

Lowest differential of 3 scores post injury  27.8
Current Handicap Index          +  15.4
                                      43.2

43.2/2  = 21.6M

Handicap Committee must update Modification at every Revision until all differentials are post injury.
Q: Two players have suffered extreme physical disabilities. Both have been able to resume playing golf after not being able to play for many months. Neither will ever be able to play to the Handicap Index established before illness. May these players be entitled to a special adjustment?

A: Yes. The disabilities described appear to be permanent and more extensive than contemplated by Section 8-4c(iii). The club Handicap Committee may discard the players' previous scoring records and provide each with a modified Handicap Index (M) for use until five scores have been returned to establish a new Handicap Index.
As the player posts more scores, increase the number of differentials to be used according to this chart.

USGA Course Rating and Slope Rating

Certified By:
Women's Golf Association of Northern California
Authorized Golf Association

Name

Course Rating Chair
Title
11/14/2011

Effective Rating Date

Explanation:
A USGA Course Rating is the evaluation of the playing difficulty of a course for scratch golfers under normal course and weather conditions. It is expressed as strokes taken to one decimal place, and is based on yardage and other obstacles to the extent that they affect the scoring ability of a scratch golfer.

A Slope Rating evaluates the relative playing difficulty of a course for players who are not scratch golfers. The lowest Slope Rating is 55 and the highest is 155. A golf course of standard playing difficulty has a Slope Rating of 113.

Course ratings are determined, by permission of the USGA, in accordance with the USGA Course Rating System™ for the purpose of providing a uniform basis of which to issue a Handicap Index. USGA Course Rating, Slope Rating™, and Handicap Index™ are marks owned by the USGA and may only be used in connection with the USGA Handicap System™.

</table>

Eligible tournament scores - 4

**USGA Handicap Index**

Subtract 2nd lowest T score differential

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>12.1</td>
<td>– 8.0</td>
</tr>
<tr>
<td>4.1</td>
<td></td>
</tr>
</tbody>
</table>

If the difference is 3 or more, continue with computation
Average the two lowest tournament differentials:
\[(4.5 + 8.0)/2 = 6.25\]

Subtract 6.25 from 12.1 = 5.85

Round to nearest tenth = 5.9

Go to Handicap Reduction Table, Page 81 in Handicap Manual
With 4 eligible T scores, this player’s index would be reduced by 1.9. Her 12.1 Handicap Index would become 10.2R.
In the Score Maintenance screen you are able to quickly look at all Eligible Tournament Scores. Differentials highlighted in red are lower than the player’s Handicap Index. If there are two or more scores with a Handicap Differential that are at least 3.0 better than the Handicap Index, a calculation will be performed in accordance with Section 10-3 of the USGA Handicap System.
HANDICAP BILLING SCHEDULE

To transfer a golfer with an existing GHIN number, go to All Golfers, then Golfer Public View. Type in GHIN number, then click on Go.

Verify that this is the correct golfer, then click Transfer.
This is for new golfer without a GHIN number

Enter Information

Click on Add Golfer, you will be taken to Golfer Maintenance Screen. A new GHIN number will have been assigned.

Scores - Rapid Score Entry
Allows multiple scores for your membership to be entered. Once the initial screen is set up with the entry settings (general setup; date played; score type; and tee entry), all you need to do is enter the player’s last name (full or partial) or member number (dependent upon your entry method), select from the list and post the score.
Type in last name. Name, HI, Trend will auto-fill. Type in Score. Click on Post Score
